

IMPORTANT ANNOUNCEMENT

Kentucky Wesleyan College now offers virtual health and wellness access to all KWC students!

WHAT'S NEW

Kentucky Wesleyan College is pleased to announce our partnership with CampusCare | 98point6 to provide students with 24/7 virtual primary medical care (by text and/or video) access to licensed and board-certified U.S. physicians in all 50 states.

Access to these app accessible health services starts on August 1, 2023. Medical issues or concerns can be addressed quickly and easily via the app. You have access to a maximum of 36 visits per calendar year for primary care, for concerns such as upper respiratory, gastrointestinal, allergies, skin rash, urinary tract infections, and more.

INSTRUCTIONS TO ACCESS SERVICES:

Step 1: Download the 98point6 iOS or Android App

Step 2: Confirm the last 4 digits of your social security number (International Students: last 4 digits of student id)

Step 3: Confirm date of birth

Step 4: Fill out your medical history profile

Step 5: You are ready to access the services

Watch these videos to learn more:

Board Certified primary health physicians are available 24/7 for:

- common medical issues
- diagnosis and treatment
- lab referrals
- prescription medications through your pharmacy of choice for common medical issues

Kentucky Wesleyan students pay no visit fees, co-pays, or additional charges for utilizing virtual health primary care services. Please see attached flyers and videos for more information.
