

# Wesleyan Wednesday

## Megan (Evans) Schulte '03

---

Today's #WesleyanWednesday feature is Megan Evans Schulte '03! Megan is a Louisville, KY native who decided to attend Wesleyan after visiting friends who were current students. "I loved the small campus, and I trusted my friends that it was a great place!"

While a student, Megan studied education and psychology, was involved with Kappa Delta Sorority and spent lots of her time at Wesleyan football and baseball games. She was also presented the Order of Oak & Ivy – Kentucky Wesleyan's highest honor! She fondly remembers her time on the KD hall with the sun shining bright through the big Deacon windows and memories made in the quad. "The people," she said with a smile, "the people will always be at the top of my list when talking about my special memories at Wesleyan."

Since graduating, Megan has had two careers. Her first career was in social work – a career that was full of advocating for others and full of both happy and sad stories. Megan eventually got married and had 3 children, and she was fortunate enough to be able to stay at home with them for several years before beginning her second career. When she was ready to return back to work, her husband had purchased a dental practice and was in need of someone for HR. "I am doing many things that I was not trained in or ready to take on, but so goes the family business! My biggest career win so far is that we're still married!" Megan joked.

We asked Megan how her experience at Wesleyan prepared her for her life and career and there is certainly no need to paraphrase her answer: "I will always be an advocate for a small, liberal arts school, as a smaller student body allows for more leadership opportunities. I was part of many clubs and organizations and that allowed me to lead and learn how to interact with others. I also feel I gained a lot of self-confidence knowing so much of the student body and professors. To prospective students – go and tour!"

Tour our beautiful campus and do your due diligence. Compare it to other schools, but go and walk the campus, talk to our students and to our faculty and staff. It is a beautiful place inside and out that **SHOULD** be on your list of colleges to tour."

Since graduating, Megan has been an active and generous alumna who has dedicated hours of her time giving back to her alma mater. She has served as a Panther CAP mentor and has served terms on the Alumni Association Board of Directors, and we couldn't be more thankful for her willingness to serve!

In closing, we asked what it meant to her to be an alumna of KWC and this was her answer: "It means I'm part of a great community and school that really cares about the student as a whole. Serving on the alumni board, I have met so many people that share my love for KWC and it has become even more of a special place."

---

**I know that there are many great colleges, but I'm proud of our school and the people that surround it!"**

**Megan's current term on the Alumni Association Board of Directors ends with our fiscal year on May 31, 2020 and we are so appreciative of her time served. Megan, thank you for being such an active alum who is always willing to roll up your sleeves and help give back to our students! While we are sad to see this term come to an end, we know you'll continue to be engaged and will never be a stranger on campus!**
