Interim Measures

In the event of an alleged sexual assault/violence, sufficient measures will be taken to separate the alleged perpetrator from the alleged victim.

ACADEMIC ASSISTANCE

Kentucky Wesleyan College would provide academic assistance for the victims of sexual harassment/assault by working with them on any absences incurred and helping them to get caught up with their coursework. If the need arises that they are in the same class as the perpetrator, Kentucky Wesleyan College would work to rectify the situation. We would also work on scheduling conflicts that may arise with the student if necessary.

CAMPUS LIFE

When becoming aware of a complaint of sexual assault, KWC may take interim measures including but not limited to: restriction of communication with named individuals, interim removal from resident hall, resident relocation, and restriction from participating in a particular class or in campus activities for the alleged perpetrator. Violation of any interim measure is likely to result in immediate interim suspension for KWC.
